### “Space and Spaces”

- \* Parks and gardens, rural properties, bridges, churches and other centres of religion, cemeteries, the arboretum, observatories (Tidbinbilla, Mount Stromlo, Orroral Valley), buildings of significance in the development of the region, eg. the Albert Hall, the Kingston Power House, university buildings, regional architecture, embassy buildings, sacred Aboriginal sites; suburb, town and city planning;
- \* Expanses like lakes, water sources – rivers, dams, waterfalls, forests, and natural heritage; associated recreational pursuits; roads, tracks and trails; a clearance (rural, building or housing projects); or seasonal aspects of life in the region;
- \* Objects and artifacts used in changing “spaces”;
- \* Urban myths and legends including the song lines;
- \* The mind-space resulting from freedom including customs and rituals of the regional populace; and
- \* Last, but not least, the Space theme – outer space – the long history of Canberra and Region and its association with space exploration and astronomy – Go for it!
